

Congratulations

Congratulations on your LifePlan! We believe in your uniqueness and in your ability to make a significant and lasting *impact* in the world.

Life changes, and our LifePlan has to adjust and adapt to those changes. Below is our recommended pathway for adapting and renewing your LifePlan on a *monthly rhythm*.

1: Make Time and Space

We recommend setting aside 2 hours each month. Put it on your calendar now. Grab a journal and your laptop, and head to the place you go when you want to focus.

2: Open up your Online Playbook

This is a great tool to keep your LifePlan in front of you, and also to update and renew it going forward.

3: Get Perspective

Create a new “4 Helpful Lists,” to get perspective on where you really are today across all areas of your life. Perspective really is everything. Take time to truthfully and accurately reflect, assess, and answer the four questions for each “domain” of life. You don’t have to solve anything right now. After you have populated the four columns, reread each bullet point and create a list of the core issues that emerge.

4: Consider your own Replenishment

Look at your Replenishment Cycle and ask yourself: *how am I doing?* Have you uncovered any new replenishers? Or perhaps some replenishers are not really replenishing you. If so, remove them. Staying replenished helps you to be more productive, more creative, and more engaged with people and projects in all areas of life.

5: Read your Life Purpose Statement

Reviewing this regularly keeps it front of mind and heart, and ensures you make decisions that align with your Purpose.

6: Read Your Life Vision Statement

This is what you want to create in your life in the future. Reading it each month will help you to stay on track. Are the “risks” and “vital signs” on your Life Dashboard being managed well, and moving you towards your vision?

7: Review your Action Initiatives

Assess if you’re doing what you said you would do. Are the status ratings of your action items turning to green? If not, why not? Have any items been completed and can they be removed from your W.I.N. Wheel? Based on your fresh perspective, do new action items need to be added?

8: Engage your Life Circle

Meet with your LifePlan Partner to talk about your LifePlan. Meet with your respective Mentors on a rhythm that works for them and based on the season of life you’re in - come with questions, to surface their learnings in life. Meet with your friends regularly, to stay encouraged and accountable. And, lastly, meet with your protégés on a regular basis, to guide them on their own journey.

We're so excited and grateful to be alongside you on this journey!
